

Storage Halle in the Western Bassin of Regensburg Port

View from the Port Bassin

View Inside

DTU with actually more than 26,000 square metres of uncovered storage area (partly BImSchG approved) in the western part of Regensburg Port, now establishes attached to this area at Budapester Street 8

a warehouse for the storage of bulk goods and non-hazardous waste according to BImSchG (Federal Immission Control Act)

with truck loading dock, garage, washing station, staff building and outdoor storage areas

warehouse dimensions: 60 x 35 m, useable height 8 m, 2,100 sqm surface area
comprising of

- 2 open bulk boxes , each approx. 550 sqm
- 1 closed box with roller shutter, approx. 160 sqm
- 1 closed box with roller shutter, approx. 250 sqm
- transport and open storage area, approx. 2,500 sqm

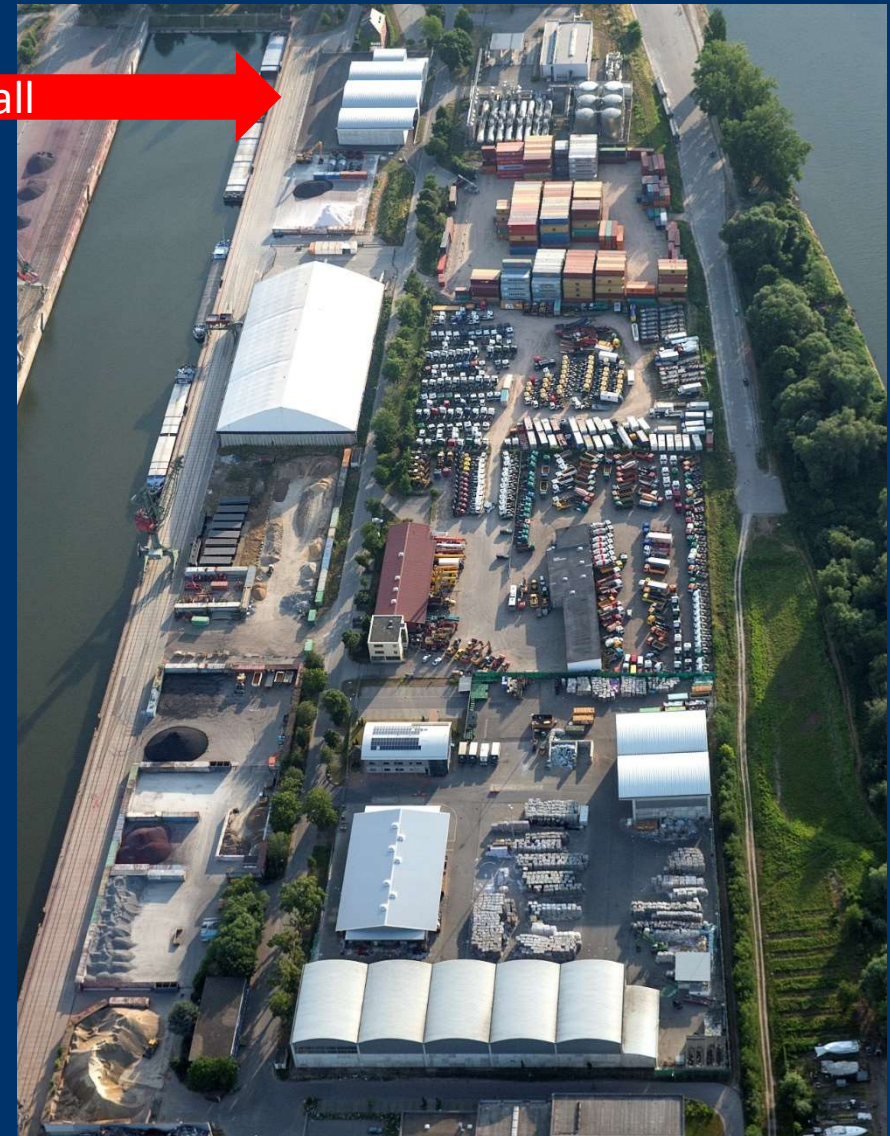

Entrance to the warehouse via two gates centrally from south and north;
The entrance gates are 5 m wide and 7 m high.

Partial use of areas possible due to up-to-date locking systems.

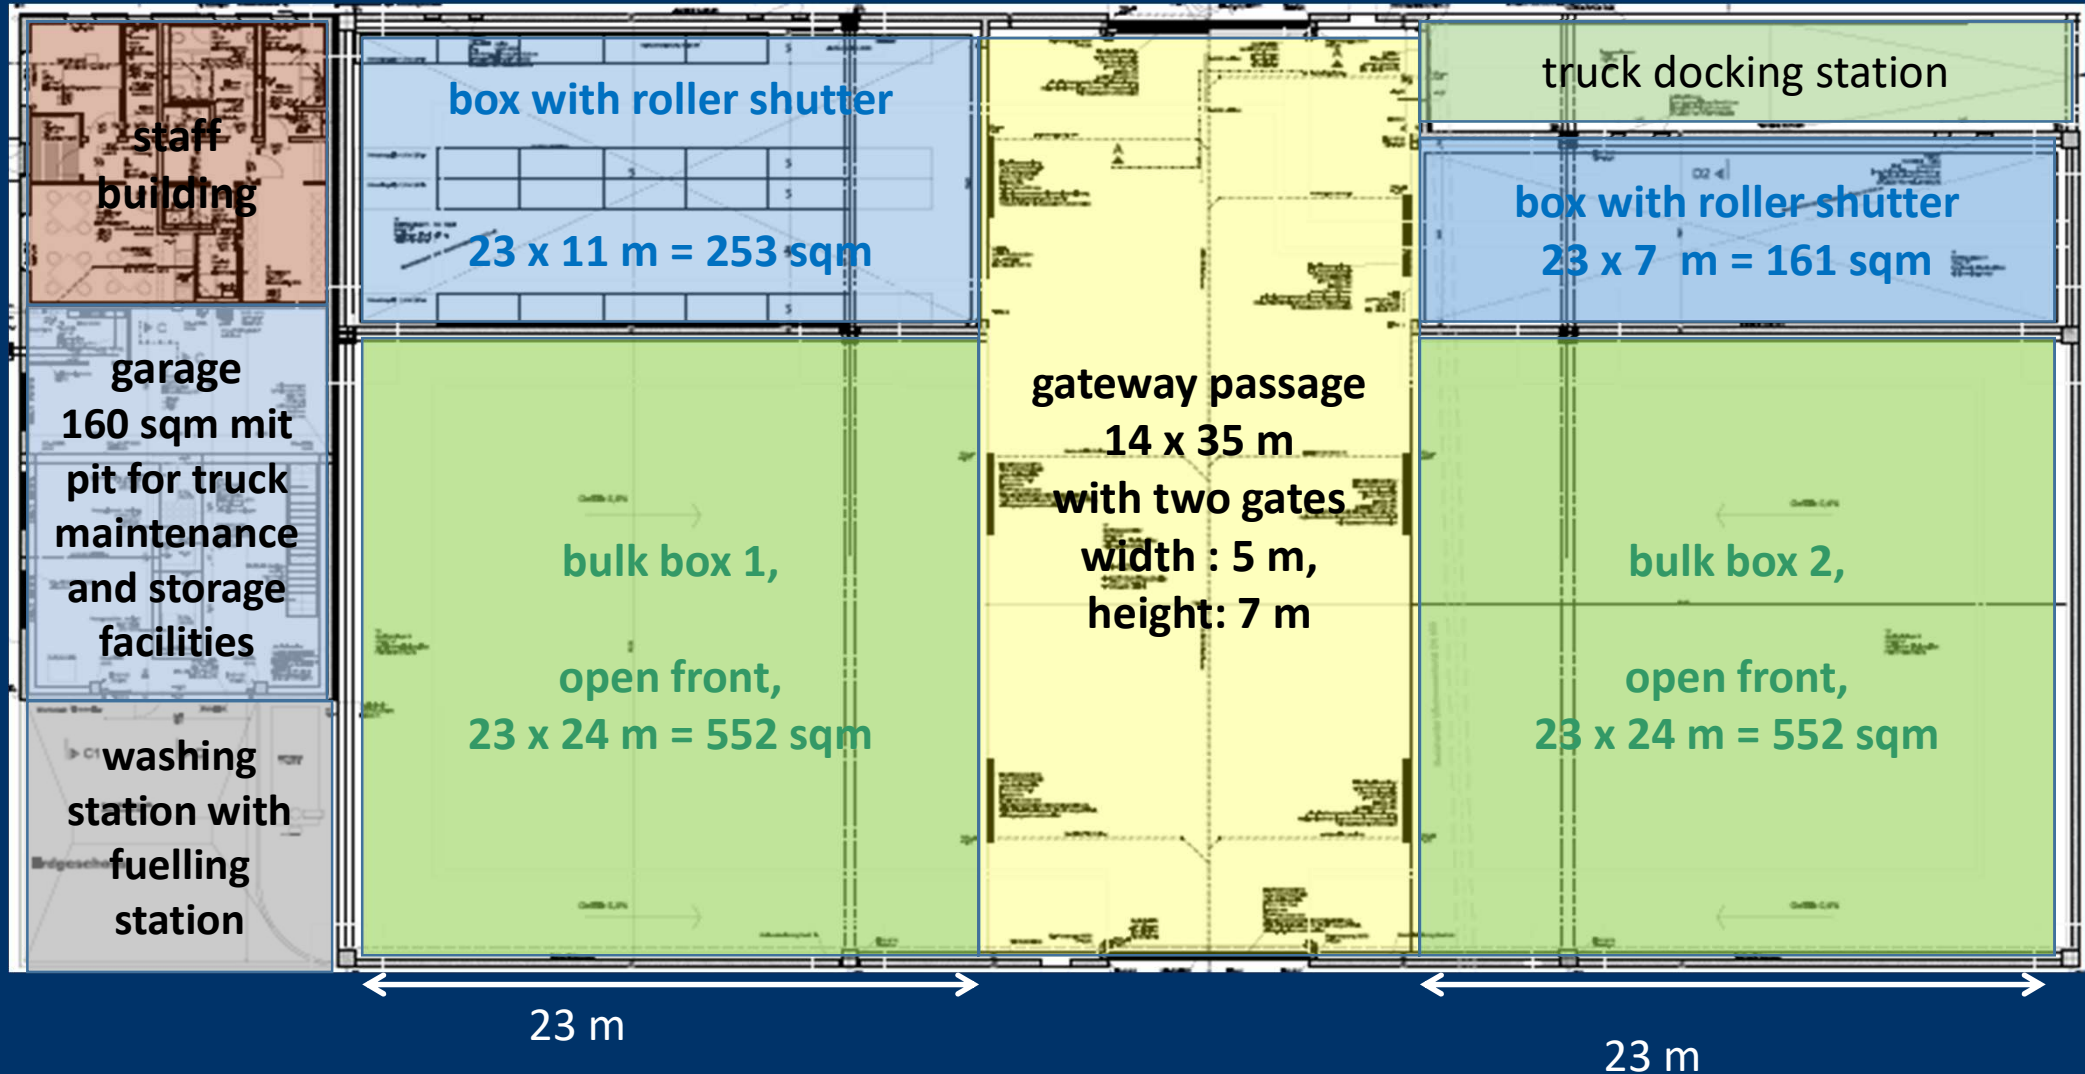

Trimodal Access to the Warehouse

- via **inland vessel** , loading and unloading by two stationary rail-guided cranes and mobile excavator, wheel loaders and conveyor belts
- by **railway wagon** via dual track railway system along the quayside
- by **truck** with fast access to the motorway network of Regensburg after approx. 2 km
